"Fuel your passion. One love"

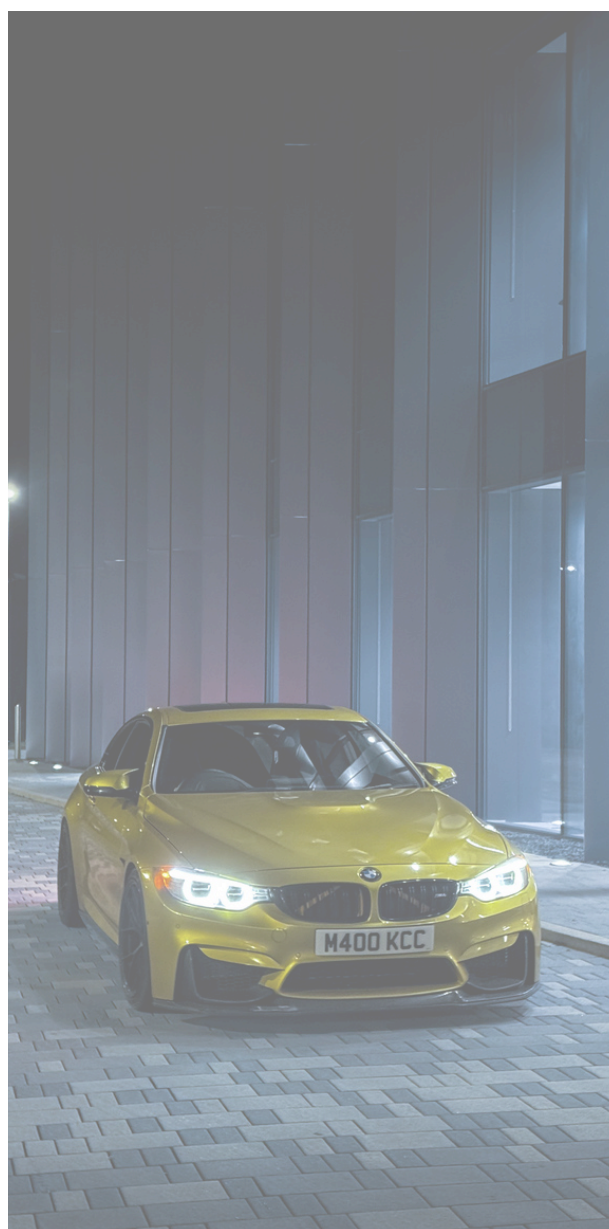

Welcome to the fifth edition of Ride3 Cars newsletter - Miles & Members!

Hey Ride3 family! Now we're all well and truly over Valentines Day (and more importantly pancake day!) - its time to head into our next edition of the newsletter!

Edition 5 is bringing you more mods, more member features and more additions to our 2026 calendar so grab a cup of something wet, sit back and enjoy the read!

Remember, this is your newsletter - the more you share, the better it gets. So dont forget we need you, your input and your stories so get sharing!

Love Leigh, Matt, Kasey, David Colbs and Soph x

CLUB HIGHLIGHTS

This month we witnessed the reveal of Leighs new wrap on her M3 and it blew us away! The pure joy on her face was probably the best part though, but doesn't it look so beautiful!

We have announced a few more events where tickets are now live... keep reading for more information!

OWNER SPOTLIGHT

The BMW M3 E93 is a rare breed in today's turbocharged world - a true driver's machine powered by a naturally aspirated 4.0-liter V8 that sings all the way to redline.

Raw, responsive, and unapologetically analog in character, this is the last convertible M3 to carry a high-revving V8 under the hood - a piece of modern performance history.

Leigh's E93 has been taken to another level.

Freshly wrapped in Candy Metallic Magic Grey Green, the color shifts beautifully under sunlight - deep grey tones in the shade, metallic green highlights when the light hits just right. It's subtle yet commanding, refined yet aggressive. The perfect balance.

At the rear, an Auto Perfectionists spoiler adds a sharp, purposeful edge. Custom G80 rear M3 badge brings a modern twist to this V8-era icon - blending generations with confidence.

And then there's the vibe.

Top down. Sun out. V8 echoing. Wind in your hair.

This isn't just a performance convertible - it's presence. It's confidence. It's power with elegance.

Driven by a powerful and strong woman - our Female Boss - this M3 represents more than speed. It represents leadership, independence, and unapologetic ambition.

The machine is bold, but the woman behind the wheel is bolder.

TIP OF THE MONTH

Spring: Shake off the winter blues

Winter's grime, salt and potholes have done their worst - now it's time to give your motor a proper spring refresh. A little attention now sets you up for smooth summer miles (and shinier meet-ups).

🍷 1. Wash Away the Winter

Road salt loves hiding underneath your car. Give the underside and wheel arches a thorough rinse to prevent corrosion.

Pay attention to brake components and suspension arms - they've had a rough few months.

🛞 2. *Inspect for Pothole Damage*
Spring reveals what winter broke. Check for:

- *Steering pulling to one side*
- *Uneven tyre wear*
- *Vibrations at speed*
- *If in doubt, book a wheel alignment - UK potholes aren't known for their mercy.*

🔋 3. Battery & Belts Check

Cold weather weakens batteries. If starts have been sluggish, test it now before you get stranded at the first sunny car meet. Also check auxiliary belts for cracks - temperature swings can make them brittle.

🔧 4. Fluids & Filters Refresh

- Top up or replace screen wash (goodbye winter mix).
- Check coolant level.
- Consider a fresh air filter - winter damp can clog things up more than you think.

💡 5. Lights & Wipers

Dark winter commutes mean heavy light usage. Walk around the car and check all bulbs. Swap worn wiper blades - spring showers are undefeated.

🌟 Bonus: Spring Shine Mode

Clay bar, polish, wax. Winter dulls paint - spring is your excuse to bring back that gloss and show winter who's boss. Spring prep isn't glamorous, but it's satisfying. Sort the basics now and you'll spend summer driving - not fixing.

MOD CORNER

The bit where we showcase the new additions and modifications to your builds.

Dont forget to email us at ride3cars@gmail.com to be featured.

Jordans Golf

Jordan is back with more mods! This time pleasing our ear drums with his custom boot built.

Running two 12" subs from JL Audio, the low end hits deep and controlled.

Highs are handled by dual Edge horn tweeters for sharp projection, while six Vibe Slick speakers from Vibe Audio keep the mids full and clear.

Everything is powered by the JL Audio RD900/5, delivering clean, reliable output across the board.

Loud, balanced, and built right

SPONSORSHIP

Support our very own Ride3 family member, Asha Silva, as she chases her racing dreams this season! Asha needs to raise £40,000 to complete this year's self-funded championship, and every single contribution - no matter how small - makes a real difference. Your donation not only helps fuel her journey on the track, but also shows the incredible strength and unity of our Ride3 family. Let's come together, back Asha, and help drive her all the way to the finish line!

If you would like to support Asha, please use the bank details provided and kindly use "Asha Silva" as your payment reference.
